Specimen Requirements.

Refrigerate specimen if not shipping immediately and use cool pack during transport. Please call Client Services team with any questions regarding specimen requirements or shipping instructions at 866.776.5907 option 1. Please refer to the website for specific details on each specimen.

Additional Billing Information

Any organization referring specimens for testing services pursuant to this Requisition Form ("Client") expressly agrees to the following terms and conditions.

- 1. Binding Service Order.** This Requisition Form is a contractually binding order for the services ordered hereunder ("Services") and Client agrees that it is financially responsible for all tests billable to Client hereunder.
- 2. Third Party Billing by NeoGenomics and Right to Bill Client.** Client agrees to accurately indicate on the front of the Requisition Form that either Client should be billed (e.g., Client receives reimbursement pursuant to a non-fee-for-service basis, including, but not limited to, a capitated, diagnostic related group ("DRG"), per diem, all-inclusive, or other such bundled or consolidated billing arrangement) or NeoGenomics should bill the applicable federal, state or commercial health insurer or other third party payer (collectively, "Payers") for all Services ordered pursuant to this Requisition Form. For all such Services billable to Payers, Client agrees to provide all billing information necessary for NeoGenomics to bill such payer. In the event NeoGenomics: (i) does not receive the billing information required for it to bill any Payers within ten days of the date that any Services are reported by NeoGenomics; (ii) the Services were performed for patients who have no Payer coverage arrangements; or (iii) the Payer identified by Client denies financial responsibility for the Services and indicates that Client is financially responsible, NeoGenomics shall have the right to bill such Services to Client.

Additional Specimen Information

If submitting multiple blocks, client must indicate either "Choose best block (global molecular/NGS testing only)" or assign the selection of blocks to individual tests. If multiple blocks are sent without a selection, they will be held until clarification is provided. Please call Client Services Team with any questions regarding specimen information.

Test Descriptions

Please see complete test descriptions and all available tests at our website, www.neogenomics.com/test-menu.

Test Notations

Specimen Usage

NeoGenomics makes every effort to preserve and not exhaust tissue, but in small and thin specimens, there is a possibility of exhausting the specimen in order to ensure adequate material and reliable results.

CancerTYPE ID® with reflex to NGS Cancer Profile or Neo Comprehensive™ – Solid Tumor

The specific NGS reflex is determined by the CancerTYPE ID result. See www.neogenomics.com for test details.

CancerTYPE ID will be performed, reported and billed separately by Biotheranostics, Inc. For comprehensive details about CancerTYPE ID including test description, intended use, and limitations, visit www.cancertypeid.com.

Neo Comprehensive™ – Solid Tumor and NeoTYPE® DNA & RNA – Lung or Brain Profiles

If the sample is insufficient to produce either DNA or RNA results, the available results will be reported and alternate CPT® Codes may apply. Please see website for details.

Lung only: To choose a different PD-L1 for NeoTYPE DNA & RNA – Lung, complete the "Other" ordering field at the bottom of the requisition. PD-L1 tests will report separately from the NeoTYPE Profile.
